

Compassionate Visits

We understand these are trying times. It is hard to be away from those we love. Please know all of us at Bethany Life can't wait for the day when the doors will be open to everyone. Until then, we are doing our best to accommodate both family and residents. Each compassionate visit is accompanied by a staff member. This is why we ask for a notice before you come. We also ask that each visitor wear PPE. As you know, PPE is necessary to keep residents safe, it costs money and sometimes is very hard to get. Because of these reasons we only allow so many visits each week.

If we see a change in your loved one please know we will reach out to you so that a compassionate visit can be arranged as well. Your loved one is our top priority!

- 1. All visits need to be pre-approved by**
Lee Ann Braga 515-203-6006
David Burling 515-290-1459
- 2. Please give us a 12 hour notice**
- 3. At this time we are allowing a total of 2 visits per week if your loved one is actively passing or has had a change in their health. Frequency and number of visitors might be adjusted depending on the nurses recommendations.**
- 4. Visits are no longer than 2 hours at a time**
- 5. All visitors need to be screened at the front door and wear the following PPE to protect the residents**
Gown
Gloves
Eye wear
Mask
- 6. Food is not allowed to be brought into The Households of Bethany during the visit**
- 7. At this time we are not allowing compassionate visits during the weekend**
